CASHING FOOD INSTRUMENTS

WIC Food Instrument Redemption Procedures

The Arizona WIC Program relies on its Vendors to see that only WIC authorized foods are purchased. When proper checkout procedures are followed, WIC participants receive the nutrients they need to improve their health status. The cashiers play an important role as part of the Vendor's responsibility to the WIC program.

Vendor's employees must offer WIC participants/authorized representatives and proxies the same courtesies as offered to other customers. **Separate lines or checkout counters may not be established for only WIC customers.**

To take less time during check out, local agency employees instruct participants/authorized representatives or proxies to separate WIC foods from their other purchases. Sometimes it may be necessary for the cashier to assist a participant/authorized representative or proxy in separating the WIC foods from their other items. Also, the cashier should check the items before starting the transaction to ensure that the participant/authorized representative or proxy has the proper items that are listed on the WIC food instrument.

Cashiers must be familiar with the Arizona WIC Programs Food List to ensure that the participant receives the proper foods. Also, to reduce the number of rejected food instruments, cashiers must be familiar with the food instrument redemption procedures outlined on the following pages.

- ➔ **NOTE:** Arizona WIC Program food instruments may be redeemed anywhere in Arizona as long as they are redeemed by an Arizona WIC Program authorized Vendor.

For example: WIC food instruments that are issued to a participant in Maricopa County may be redeemed in Apache County.

Before ringing up the WIC transaction, the Cashier

SHALL:

- Identify the WIC Customer
 - ➔ The only acceptable identification will be:
 - ➔ The participant's/authorized representative's ID Folder and Transfer Card, **OR**
 - ➔ The completed and signed Proxy Certification form.
- Check the dates
 - ➔ Do not accept before the date shown in the box marked "FIRST DATE TO USE" or after the "LAST DATE TO USE"
- Check to make sure that the food instrument has not been reported to you (in writing) by the Department as either lost or stolen
- Enter the date the food instrument is used (cashier's responsibility) in the "DATE OF USE" box
 - ➔ The date can be corrected one (1) time only and in the presence of the WIC participant/authorized representative by drawing a single line through the incorrect date, writing in the correct date and initialing the correction.
- Check that the selected items, quantities and units being purchased are as specified on the food instrument
 - ➔ All infant formula must be purchased
 - ➔ No substitutions
 - ➔ No rainchecks
 - ➔ Check the price of each item to avoid overcharges
- Keep each WIC transaction separate
 - ➔ Allow WIC customer to redeem more than one food instrument per visit
 - ➔ Do not combine the total purchase amounts from two or three food instruments into one
 - ➔ Food instrument cannot exceed the maximum amount stated on the food instrument

SHALL NOT:

- Accept a food instrument that is altered, including alterations of the participant's name, first date to use, date of use or last date to use, signature, or type, quantities and units of food items authorized for purchase.
 - ➔ **NOTE: The use of correction fluid (white-out) is considered an alteration. However, food items crossed out, highlighted or circled are not considered alterations. The Vendor shall immediately notify the Department of person(s) presenting food instrument(s) which have been altered.**
- Require WIC participants/authorized representatives to purchase other items in order to redeem a food instrument.
- Allow WIC participants/authorized representatives to purchase items **not** included on the Arizona WIC Programs Food List with a WIC food instrument.

- 2. **Free additional ounces –**
 - a. The free additional ounces should cost the same as the ounces specified on the food instrument. For example: Four additional ounces of peanut butter sold in a special 22 ounce jar for the same cost as the 18 ounce jar.
- 3. **Buy one, get one free –**
 - a. Non-WIC approved foods or items are acceptable free items. For example: Buy a 15 ounce box of Cheerios, and get a 15 ounce box of Honey Nut Cheerios free.

 - c. The number of ounces of free additional product should not be counted towards the maximum number of ounces allowed by WIC. For example: Buy one 28 ounce box of Nabisco Cream of Wheat hot cereal and get a 14 ounce box free. The 14 ounces from the free box will not be counted against the quantity of 36 ounces specified on the food instrument.
- 4. **In-store or manufacturer promotions –**

WIC customers may take advantage of any/all in-store and/or manufacturer’s promotions. Some examples are: Store manager’s specials of the day or week or manufacturers marketing their product in a larger size package/container which will cost the consumer the same price as the regular size package/container. (It may say something like 20% more free).

The store’s discount cards also known as “clipless coupons” may be used by all WIC customers and with any/all purchases, **INCLUDING WIC infant formula purchases.**

 - ➔ **Note: Vendors for which more than 50 percent of annual food sales result from WIC sales (per WIC Vendor Provisions of P.L. 108-265) are exempt from the above-mentioned savings policies (item numbers 1 through 5) and may not provide incentive items* or other free merchandise to WIC Program participants. Failure to comply with this policy may result in termination of the Vendor Contract and a one year disqualification.**

*Incentive items or other free merchandise are defined as: Free or reduced price food or other items, cash, lottery tickets, buy one, get one free, buy one, get one at a reduced price, free amounts added to an item by a manufacturer, manufacturer coupons, store loyalty cards, sales and specials for supplemental food, free or reduced price services except for the minimal customary courtesies of the retail food trade, such as bagging supplemental food for the participant and assisting the participant with loading the supplemental food into his/her vehicle.

The signature obtained at the end of the transaction needs to match **one** of the signatures on the ID Folder and Transfer Card.

The WIC customer may re-sign the WIC food instrument **one time only** in the presence of the cashier if:

WIC Food Instrument Redemption – Not To Exceed (NTE) Procedures

The Arizona WIC Program will provide, on a monthly basis, the not to exceed (NTE) dollar amount(s) by food instrument type and peer group to all authorized Vendors. This information will be available to Vendors via the Arizona WIC Program Vendor Website. Each Vendor/Owner will only have access to their individual information. The information will be posted to the Website on the first banking business day of each month to provide Vendors with at least five banking business days advance notice of the new NTE. The new NTE will become effective on the sixth banking business day of each month.

Vendors may use this information to avoid possible banking fees associated with WIC food instruments that are rejected for being over the NTE dollar amount. Vendors who elect to use this information must do the following:

1. The cashier must enter the total purchase price of the food items actually purchased by the WIC participant/authorized representative on the food instrument and the WIC participant/authorized representative must sign the food instrument.
2. The Vendor may then compare the dollar amount written on the food instrument to the NTE amount for that food instrument type provided by the WIC Program via its Website.
3. If the NTE dollar amount for the food instrument type is **less than** the amount written on the food instrument, the Vendor **may do** the following:
 - a. Draw a single line through the higher dollar amount on the food instrument and write the lesser dollar amount in the "\$ correction only" box.
 - b. Initial the change in the "cashier initial" box.
 - c. Endorse and deposit the food instrument in its financial institution for payment.
4. If the NTE dollar amount for the food instrument type is **greater than** the amount written on the food instrument, the Vendor **may not** write in the greater amount on the food instrument.

UNDER THE ARIZONA WIC PROGRAM VENDOR CONTRACT VENDORS MAY NOT:

1. Charge the WIC Program more than the current shelf price for supplemental foods.
2. Prevent a WIC participant/authorized representative from purchasing all of the items the participant/authorized representative would be entitled to purchase with their food instrument.
3. Require a WIC participant/authorized representative to purchase specific brands or units of WIC food items (e.g., allow only a certain brand, unless it is specifically stated on the food instrument or authorized food list, such as Kellogg's Corn Flakes or allow juice only in frozen concentrate containers).
