The following is a summary of the final revisions to the ADHS/DBHS Covered Behavioral Health Services Guide, Version 5.9. The final revisions will be posted to the ADHS/DBHS website on or around July 10, 2006. Please note that the Memorandum distributed on July 6, 2006, included PROPOSED changes to the guide. The changes described in this Memorandum represent the FINAL changes that are to be implemented by Tribal and Regional Behavioral Health Authorities and their contracted behavioral health providers.

Section I. F. 7. Core Billing Limitations
1. Clarifying language has been added to subsections a.2 and a.3. In subsection a.2 it states, “For all services except case management and assessment services, the provider may not bill any time associated with phone calls, leaving voice messages, sending emails and/or collateral contact with the enrolled person, family and/or other involved parties as this time is included in the rate calculation.” In subsection a.3 it states, “The provider may only bill the time spent in face-to-face direct contact; however, when providing assessment, case management services, the provider may also bill indirect contact. Indirect contact includes phone calls, leaving voice messages and sending emails (with limitations), picking up and delivering medications, and/or collateral contact with the enrolled person, family and/or other involved parties.

Section II. D. 1. Case Management
1. Billing limitation item number 6 has had language added concerning the use of voice mail and email when providing case management services. The new language states:
   - Written electronic communication (email) and leaving voice messages are allowable as case management functions. These functions are not to become the predominant means of providing case management services and require specific documentation as specified below.
   - Written electronic communication (email) must be about a specific individual and is allowable as case management, as long as documentation (a paper copy of the email) exists in the case record.
   - When voice messages are used, the case manager must have sufficient documentation justifying a case management service was actually provided. Leaving a name and number asking for a return call is not sufficient to bill case management.
• When leaving voice messages, a signed document in the client chart granting permission to leave specific information would be required.

REPLACE PAGES 78 and 79 (new page)

Section II. D. 7. Supported Housing
1. Billing limitation number 2 has been added to state, “Direct payment for supported housing services to the behavioral health recipient and/or his/her family are not permitted.”

REPLACE PAGE old 94 with new 95

Section II. D. 9. Non-Medically Necessary Covered Services
1. The General Definition section has been revised to include the Arizona State Hospital (ASH) Transition Fund as a type of “flex fund” service. A reference to the ADHS/DBHS Policy and Procedures Manual Section MI 5.4, Arizona State Hospital Transition Fund has also been added. T/RBHAs must submit encounters under the flex fund code (S9986) in order to use the ASH Transition Fund.

REPLACE PAGE old 97 with new 98

Section II. D. 10. Transportation
1. Added Provider Types (PT) 85 (Licensed Clinical Social Worker), 86 (Licensed Marriage/Family Therapist) and 87 (Licensed Professional Counselor) to code A0160 (Non-emergency transport, mile-case worker or social worker).

REPLACE PAGE old 103 with new 104

2. Billing limitation number 9 is new and states, “A provider may bill for transportation services provided to a behavioral health recipient in order to receive a Medicare covered service.”

REPLACE PAGE old 109 with new 110

Section II. H. 1. Supervised Behavioral Health Treatment and Day Programs
1. The description of code H2015 (Comprehensive Community Support Services Supervised Day Program) has been changed to clarify that the time period between five and six hours can be billed using this code. The previous description stated, “6 hours to 10 hours in duration.” The new description states, “Greater than 5 hours up to 10 hours in duration.” The billing unit for code H2015 is per 15 minutes. Code H2012 for Supervised Behavioral Health Day Treatment is per hour up to 5 hours in duration.

REPLACE PAGES old 142 and 143 with new 143 and 144

Section II. H. 3. Community Psychiatric Supportive Treatment and Medical Day Programs
1. Billing limitation number 3 previously stated, “A physician assistant who supervises community psychiatric supportive treatment and medical day programs may not bill this function separately.” As a result of a review by the Medical Director, it was brought to
our attention that a physician assistant would not be supervising this type of staff and as a result, the limitation is inappropriate and has been removed.

REPLACE PAGES old 149 with new 150

Appendix B-2, ADHS/DBHS Allowable Procedure Code Matrix:

1. All services with an end date greater than two (2) years old have been removed from the B-2 matrix. **RBHAs should keep a copy of the current B-2 matrix dated March 2006 as it is the last version that will have all the previous codes.**

2. Added Provider Types (PT) 85 (Licensed Clinical Social Worker), 86 (Licensed Marriage/Family Therapist) and 87 (Licensed Professional Counselor) to code A0160 (Non-emergency transport, mile-case worker or social worker).

3. Added Place of Service (POS) 15 (Mobile Unit) to office or other outpatient visit evaluation and management procedure codes 99201 through 99205 and 99211 through 99215, and to office consultation procedure codes 99241 through 99245.
