

Public-Private Partnership Opportunity

4.2.2 Approx. 28 beds in the Birch Building

The Birch Unit is a 28 bed facility with 17,500 square feet of space that has only been used for administrative purposes since 2010. This facility faces 24th Street and could have open access to the community for either outpatient services or an urgent psychiatric center. The space is in need of some renovations, but could be brought up to standards relatively quickly.

Highlights/Benefits

- Street access to the facility from 24th St
- Large attached parking lot off of 24th St
- The building was recently given renovations to the fire and smoke alarm system
- Attached to the facility is a spacious administrative area that has separate entrance from the patient/resident area

Questions

For more information or details about this partnership opportunity, please contact Russell Coplen, Procurement Officer for the Arizona Department of Health Services, at 602-542-1043 or Russell.Coplen@azdhs.gov.
