ADHS Water Drive II **Photo Opportunity**

The monsoon may not be bringing water relief for the drought, but Arizona Department of Health Services employees are flooded with water for the homeless. In honor of the second annual bottled water drive, staff has collected tens of thousands of bottles of water. On Friday, we're going to pile all the water in the parking lot; groups that serve the homeless and provide relief to those in need will be picking it up.

WHAT: Bottle Water Drive

WHEN: Friday, June 29, 10 a.m. – 10:30 a.m.

WHERE: Parking lot on west side of 1740 W. Adams, Phoenix

WHO: Arizona Department of Health Services staff & representatives from agencies in need of water.

The timing is crucial. We recently heard that some of the programs that do outreach to the homeless are completely out of water. We're also heading into the hottest months of the year.

We welcome you to come by, video and photograph the work and talk to the folks who are donating as well as the groups who are moving the water wave to those who need it.
