

School and Child Care forms available from the Arizona Immunization Program Office

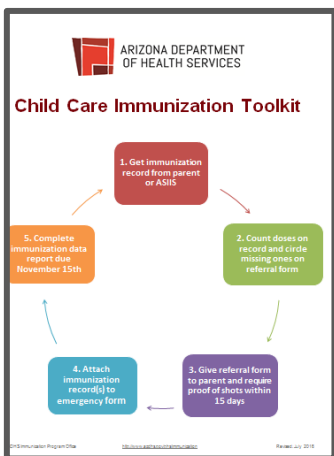

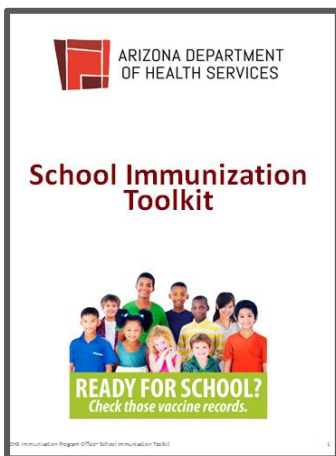

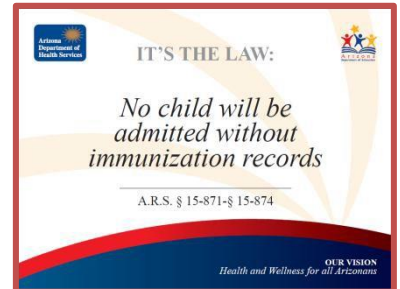

“Immunization Screening and Referral Form” - This is filled out by the school/child care health office to indicate missing immunizations and taken by the parent to the immunization provider

“ASIR109R Form” - This is filled out by the school health office for *their* record of vaccinations and exemptions for each student. It is also in a “fillable” format for ease of use

“Arizona Immunization Requirements” forms – the requirements have NOT changed. The forms for “Birth to 5 years of Age” and “Kindergarten through 12th Grade” have been updated to reflect the new ADHS logo

It’s The Law - No child will be admitted without immunization records Poster- Available for schools and child care/preschools to display on their campus

Toolkits for School and Child Care – Designed to assist those in the health office with immunization associated tasks such as filling out an ASIR 109 form, the Immunization Screening and Referral form, and more.
