Pediasure – New Packaging

Contact: [Karen Henry](#)

Pediasure is coming out with a new look for their standard Pediasure. The new look contains the words “Grow and Gain” in small print below the title Pediasure. Packaging size and formulation is staying the same. A visual of the new packaging can be found here: <https://pediasure.com/kid-nutrition-products/kids-nutritional-drink>. Clients will be able to get old and new packaging with standard Pediasure checks. Please let clients know both types of packaging contain the same formula.
