2015 Car Seat Program Qualifications

The class will teach you the proper way to install a child restraint, and how to determine which seat is the safest for your child. It is necessary for you to bring your vehicle so we can make sure the child restraint is installed correctly for your vehicle.

Any individual who is currently enrolled in either the WIC program, has AHCCCS insurance, or receives food stamps is eligible to take this class and receive one child restraint. You must be able to show proof of the program you are enrolled in.
(WIC folder, AHCCCS/Food Stamp Card)

Anyone can attend the class for educational purposes, but only those that are enrolled in one of the three programs mentioned above will be eligible for a free seat.

NO SEATS FOR SALE AT THIS TIME
