Emergency Rules for Opioid Prescribing and Treatment within Healthcare Institutions

Q&A Webinar Sessions

As part of the [Declaration of Emergency](#) (Opioid Overdose Epidemic), the Department of Health Services was directed to “initiate emergency rulemaking with the Arizona Attorney General’s Office in order to develop rules for opioid prescribing and treatment within health care institutions.”

**Purpose:** to review the approved rules and address the questions that health care institutions may have regarding the rules and next steps.

Please submit any rules questions to [azopioid@azdhs.gov](mailto:azopioid@azdhs.gov) prior to the webinar.
