CF-107190	Approved	04/30/2024	Maricopa	Tania	Donnelly	85015		<p>I'll be making cake pops, cookies, brownies, cakes, cupcakes, made with shelf-stable hard frosting or shelf stable chocolate-candy coating as within compliance of cottage food laws so does not require refrigeration to maintain freshness . Some may not have frosting at all, some may be coating in a cookie crumble coating which is also shelf-stable. My main products are cake pops which are basically baked cake which is crumbled and mixed with shelf stable frosting or peanut butter and then covered in a hard chocolate candy coating and crumble cakes which are baked cake with a cookie crumble coating with a shelf stable frosting that can be left at room temperature. I would also like to note that I had received my cottage food license when I was living at a different address in 2019-2020 and I never got to use it since covid changed my plans and but my license number was #9441 issued 1/14/2020 and i'll send a copy</p>
