School Immunization Toolkit

READY FOR SCHOOL?
Check those vaccine records.
Dear School Health Office,

The Arizona Department of Health Services (ADHS) Immunization Program Office is pleased to provide this toolkit for school use. It is designed to assist those in the health office with immunization-associated tasks. Within this kit you will find:

- How to enroll in our online registry “Arizona State Immunization Information System” (ASIIS)
- Filling out and understanding forms associated with immunizations such as:
  - Requirements form
  - Screening and Referral form
  - Exemption forms
- Tips on how to complete the annual Immunization Data Report (IDR)

This is intended to be a brief toolkit that one may reference for these essential tasks. For more detailed information please refer to our *Arizona Immunization Handbook for Schools and Child Care Programs*. You may also visit our website for more educational materials and school-related documentation at [http://www.azdhs.gov/phs/immunization](http://www.azdhs.gov/phs/immunization).

Thank you,

Arizona Immunization Program Office
Obtaining the Student’s Immunization Record

- Ask the parent/guardian for the student’s immunization record at the time of enrollment
- Check with the student’s past school for immunization records (if needed)
- **Enroll in the Arizona State Immunization Information System (ASIIS)** to look up student’s immunization records

---

**AZ State Immunization Information System- ASIIS**

For Schools & Childcare

It’s As Easy As 1,2,3

1. Free To Enroll
   - Go to www.azdhs.gov/phs/asiis/enrollment.htm
   - Call 602-364-3899 or toll-free 877-491-5741
   - Sign up today ASIISHelpDesk@azdhs.gov

2. Easy To Use
   - Web-based application
   - Stores childhood immunization information (since 1998)
   - Help Desk available and FAQ @ www.azdhs.gov/phs/asiis/faq.htm

3. Benefits To You
   - Look up children’s / student’s immunization records
   - Print official immunization records for your files
   - Retrieve important immunization information during outbreaks

# Requirements

GUIDE TO ARIZONA IMMUNIZATIONS REQUIRED FOR SCHOOL ENTRY

GRADERS K-12

Immunization requirements by age and grade for school attendance. Vaccines must follow minimum intervals and ages to be valid. A 4-day grace period applies in most situations.

<table>
<thead>
<tr>
<th>Vaccine</th>
<th>4-6 Years Old Kindergarten or 1st grade</th>
<th>7-10 Years Old</th>
<th>11 Years and Older</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hepatitis B (Hep B or HBV)</td>
<td>3 doses 3 doses acceptable if dose #3 was received at or after 24 weeks of age; otherwise 4 doses are required with the final dose at or after 24 weeks of age.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Poliomyelitis/Polio (IPV or OPV)</td>
<td>4 doses 3 doses acceptable if dose #3 was received on or after 4 years of age. Students who received 3 or 4 doses (with 4 weeks minimum intervals between doses) PRIOR to August 7, 2009 have met the requirement. The final dose of polio administered ON or AFTER August 7, 2009 must be given at a minimum of 4 years of age AND a minimum interval of 6 months following the previous dose. Polio is not required for students who are 18 years of age or older.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Measles, Mumps and Rubella (MMR or MMR-V)</td>
<td>2 doses A 3rd dose will be required if dose #1 was given more than 4 days before 1st birthday MMR and Varicella must be given on the same day or at least 28 days apart</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Varicella (chickenpox) (VAR or MMR-V)</td>
<td>1 dose 2 doses are required if the 1st dose was given at 13 years of age or older. MMR and Varicella must be given on the same day or at least 28 days apart</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Diphtheria, Tetanus, and Pertussis</td>
<td>5 doses of DTaP, DTP or DT 4 doses acceptable if last dose was given on or after 4 years of age. A 6th dose is required if 5 doses have been given before 4 years of age.</td>
<td>4 doses of DTaP, DTP, DT, Tdap or Td 3 doses acceptable if first dose was given on or after 1st birthday. Tdap given at ages 7-10 will meet the 11-year-old+ Tdap requirement.</td>
<td>1 dose of Tdap is required Students must have a minimum of 3 doses of tetanus/diphtheria vaccine which may include 1 Tdap. If Tdap has not been previously given, 1 dose of Tdap is required when at least 5 years has passed since the last dose of tetanus-containing vaccine.</td>
</tr>
<tr>
<td>Quadrivalent Meningococcal (MenACWY or MCV4)</td>
<td></td>
<td>1 dose of quadrivalent meningococcal ACWY is required. A dose administered at 10 years of age will meet the requirement.</td>
<td></td>
</tr>

Immunization Screening and Referral Form

If the student is missing any vaccine doses, complete this form and give it to the student’s parent or guardian.

### Immunization Screening and Referral Form for Kindergarten-12th Grade

Our records show that your child has not received all immunizations required for school attendance by Arizona State Law (Arizona Revised Statutes §15-872). The immunization doses required now are circled or highlighted.

#### Student Information

<table>
<thead>
<tr>
<th>Student Name:</th>
<th>Date of Birth:</th>
</tr>
</thead>
</table>

<table>
<thead>
<tr>
<th>School Name:</th>
<th>Date of Notice:</th>
</tr>
</thead>
</table>

<table>
<thead>
<tr>
<th>Contact Person at School:</th>
<th>Phone Number:</th>
</tr>
</thead>
</table>

In accordance with Arizona State Law, students must have proof of all required immunizations in order to attend school. Lack of proper documentation may result in your child being excluded from school until such documentation is provided to your school health office. Your child’s immunization record with the below missing immunization(s) must be submitted:

**By this Date:**

1. If your child has already received the necessary immunization(s), bring his or her immunization record to the school. The record must show the child’s name, date of birth, the date that all doses were received, and the name of the physician or health agency who administered the vaccine.

2. If your child has not received the necessary immunizations, take your child’s immunization record and this form to your physician, local health department, or other vaccine provider to get required immunization(s) and/or records. Then bring this form and the updated record back to school.

#### School Staff: Please Circle or Highlight the Missing Required Dose(s) for the Corresponding Required Vaccine(s)

- * Indicates that a second dose is highly recommended by the CDC but not required for school attendance.
- ** CDC Center for Disease Control and Prevention through the Advisory Committee on Immunization Practices (ACIP) recommends routine vaccinations to prevent vaccine-preventable diseases. While most vaccinations are required by the State of Arizona for school entry, there are other recommended immunizations your child may need.
- * Exceptions exist for these particular doses- see the Arizona school immunizations requirements for details and guidance: [https://www.azdhs.gov/documents/epidemiology/disease-control/immunization/school-childrens-school-immunization-requirements.pdf](https://www.azdhs.gov/documents/epidemiology/disease-control/immunization/school-childrens-school-immunization-requirements.pdf)
Five-year-old kindergarten student, Marie, is transferring to your school.

According to her record, Marie is missing the required hepatitis B #3.

On the Immunization Screening and Referral Form below, the required dose of hepatitis B vaccine has been circled, along with the recommended dose of hepatitis A.

Give the form to Marie’s parents, who must provide proof of hepatitis B #3 before school attendance.

---

**Immunization Screening and Referral Form for Kindergarten-12th Grade**

Our records show that your child has not received all immunizations required for school attendance by Arizona State Law (Arizona Revised Statutes §15-872). The immunization doses required now are circled or highlighted.

**Student Name:** Marie Curie  
**Date of Birth:** March 1

**School Name:** Lincoln Elementary  
**Date of Notice:** August 1

**Contact Person at School:** Florence Nightingale, RN  
**Phone Number:** 602-555-5555

In accordance with Arizona State Law, students must have proof of all required immunizations in order to attend school. Lack of proper documentation may result in your child being excluded from school until such documentation is provided to your school health office. Your child’s immunization record with the below missing immunization(s) must be submitted:

*By this Date: August 2*

1. If your child has already received the necessary immunization(s), bring his or her immunization record to the school. The record must show the child’s name, date of birth, the date that all doses were received, and the name of the physician or health agency who administered the vaccine.

2. If your child has not received the necessary immunizations, take your child’s immunization record and this form to your physician, local health department, or other vaccine provider to get required immunization(s) and/or records. Then bring this form and the updated record back to school.

**School Staff: Please Circle or Highlight the Missing Required Dose(s) for the Corresponding Required Vaccine(s).**

* Indicates that a second dose is highly recommended by the CDC but not required for school attendance.
** CDC Center for Disease Control and Prevention: Through the Advisory Committee on Immunization Practices (ACIP) recommends routine vaccinations to prevent vaccine-preventable diseases. While most vaccinations are required by the State of Arizona for school entry, there are other recommended immunizations your child may need.
** Exceptions exist for these particular doses, see the Arizona school immunization requirements for details and guidance: [https://www.azdhs.gov/documents/progawesne/epidemiology-disease-control/immunization/school-childrens/school-immunization-requirements.pdf](https://www.azdhs.gov/documents/progawesne/epidemiology-disease-control/immunization/school-childrens/school-immunization-requirements.pdf)
What if the parent requests to sign an exemption form instead of bringing in the child’s immunization record?

- Tell the parent about the types of exemptions available for K-12 students:
  
  1. **Personal beliefs exemptions** are available for children of parents who philosophically oppose immunization. **ADHS strongly encourages schools and child care providers to promote immunization whenever possible, leaving non-medical exemptions as a last resort.**
  
  2. **Medical exemptions** are available for children whose physician or nurse practitioner determines that there are medical reasons why the child should not be vaccinated.

- The July 2013 version of the ADHS Personal Beliefs Exemption Form is the ONLY acceptable exemption form for parents of K-12 children who state that vaccination is against their personal beliefs. The ADHS Religious Beliefs Exemption Form is valid for child care and preschool students only. Parents may not create their own exemption form or alter the ADHS exemption form in any way. After the parent has completed all areas of the form, make a copy and give it to the parent.

- Provide the September 2018 version of the ADHS Medical Exemption Form to parents who state that there are medical reasons why their child cannot be vaccinated. **All Medical Exemption Forms must be signed and completed by the health care provider (physician or nurse practitioner) before you accept them from the parent.** For medical exemptions due to history of disease, lab serology must be attached to the exemption form for measles, rubella, and varicella. For all other disease histories, physician statement of disease history or lab serology is acceptable.

Completing the Immunization Data Report (IDR)

- Schools must complete Immunization Data Reports (IDRs) each year on students enrolled in kindergarten, sixth grade and preschool no later than November 15th. This requirement applies to ALL Arizona schools, including private, public, and charter schools.

- The IDR includes separate surveys for kindergarten and sixth grade. Before beginning the survey, gather all immunization records and exemption forms for the grade level. Data will be submitted in aggregate format. No student names or personally identifiable information will be requested.

- The kindergarten survey includes questions about the number of students who meet the requirements with proof of 4+ DTaP, 3-4 polio, 2 MMR, 3 hepatitis B, and 1-2 varicella vaccine doses.
  ✓ You must also report how many students are exempt from immunization and the type(s) of exemption on file.

- The sixth grade survey includes questions about the number of students who have proof of 4+ DTaP/Td, 1 Tdap, 1 meningococcal ACWY, 3-4 polio, 2 MMR, 3 hepatitis B (or 2-dose adolescent series), and 1-2 varicella vaccine doses.
  ✓ You must also report how many students are exempt from immunization, and the type(s) of exemption on file.
  ✓ Because Tdap and meningococcal ACWY vaccines are not required until age 11, you will be asked if any students who are missing these vaccines are under 11 years of age.
  ✓ If any students are missing Tdap, you will be asked to report if it has been less than 5 years since the student’s last dose of Td or DTaP.

- More information about the child care/preschool IDR can be found in the Child Care Immunization Toolkit.
