

Making the Ovi-trap

Step 1: Make the stinky water (takes 4-5 days).

Step 2: Fill container $\frac{1}{4}$ up with the stinky water.

Step 3: Dilute with tap water.

Step 4: Write school name and date on seed paper and roll up.

Step 5: Insert the seed paper.

Step 6: Find a good location for the trap –

- Shaded
- Near vegetation
- Unlikely to be knocked over by people or wildlife.
